2021-22 Membership Dues

The Bylaws state: *The fiscal year of the Society shall commence on October 1st of each year and end on September 30th of each year.* Membership dues coincide with the fiscal year. We are currently in the 2021-22 Membership Year.

Membership dues collected during the Bix Jazz Fest will be applied to the 2022-2023 year, unless dues for the current year haven't yet been paid, these will be deducted first. The Board, taking into account the past two years of the pandemic, voted to simplify the fee structure to **\$25 membership for singles or couples**. When the society receives contributions, \$25 is first applied to membership and the remaining funds are applied to the projects of the society. Your generosity is vital to our existence.
